

## SFO Grant & Guarantee scheme

This scheme is offered to associations affiliated to the Scottish Federation of Organists. The scheme enables an association or group of associations to arrange educational events for the benefit of their members, which might otherwise be beyond their resources or involve an unacceptable risk.

Grants may be applied for that can make it possible for an **educational** event to be arranged, which might otherwise be beyond the financial resources of the organising association(s). The organising association(s) would be expected to make some financial contribution(s).

Guarantees may be applied for to assist in case of an unexpected loss on an event. Events should be planned to break even. However, the Guarantee, up to an amount agreed in advance, would be paid in the event of an unexpected loss: for example, lower than expected attendance because of exceptional weather conditions or another unforeseen factor.

In the case of successful applications, the Grant/Guarantee will be disbursed after the report on the event has been received by the SFO Grants Sub-Committee.

Applications for Grants or Guarantees should be always made as early as possible so that they may be considered by the SFO Grants Sub-Committee.

Application forms are available [here](#) and completed applications should be sent to the SFO Secretary, [secretary.scotfedorganists@gmail.com](mailto:secretary.scotfedorganists@gmail.com)
